

JUN 2019 - SEPT 2020

Joy Of Reading (JoR) continues to spread the joy of reading in children in India. We continue to work with children and teachers in many schools across many states to help students progress in their reading levels. It has been a busy year so far.

JoR conducted a hands-on workshop for English teachers and librarians of around 15 TSWRS schools. The goal was to share techniques with librarians and English teachers to inculcate joyful reading systematically in children and to improve their English proficiency through this process.

JoR help setup libraries in TSWRS schools that cater to children in rural and tribal areas of Telangana.

JoR USA sourced about 5000 books. Sorted 1000 books according to reading levels, boxed them ready to be shipped to India.

Impact since Inception

20,000+ Books

100+ Libraries

10,000+ Kids

20+ Partners

200+ Lib. Trained

1500+ Volunteer Hrs
